incurred in preferred this appeal was beyond the control of the appellant and is fit to be condoned.

Further, it is submitted that, it has been claimed by the opp. Parties/ respondent that, applicant has himself admitted in the application as well as in his deposition that, the land in question has been transferred in favour of the ancestor of the respondents in the year 1945 & 1946 through sada sale deed and since then there exists substantial structure over the land in question, but the Learned Courts below failed to consider that, according to the Bihar Schedule Area Regulation, 1969, the legislation has empowered the authority to ignore the admission made by the member of Schedule tribe unless corroborated through cogent evidence, and in case at hand, the Learned Special Officer, without corroborating the admission made by the member of Schedule tribe in the application and deposition with cogent evidence, has believed that the land in question was transferred through Sada Sale Deed in the year 1945 & 1946 and there exist substantial structure before promulgation of the Regulation of 1969 and moreover, on perusal of record, it would be apparent that, the respondents have also failed to bring any cogent evidence regarding the valid procurement of the land in question and/or erection of substantial structure before the year 1969.

Further, it is contended that, the oral sale upon which the Learned Courts below has relied upon has got no legal sanctity, as according to Section 46 of the CNT Act, no land belonging to member of Schedule tribe can be transferred to a person belonging

to member of non-schedule tribe and also according to Indian Registration Act, the oral sale has got no legal sanctity and the land in question has been transferred in violation of the provisions of CNT Act.

It is further averred that it is apparent from the report submitted by teams of experts constituted for determining the fact regarding erection of substantial structure over the land in question that, recently asbestos sheet roof house has been erected over the land in question by the respondents and since the respondent have failed to prove through cogent evidences that the substantial structure standing upon the land in question has been erected prior of the promulgation of the Schedule Area Regulation, 1969, hence it can safely be inferred that, the Courts below has illegally validated the transfer in favour of the respondent on the pretext that substantial structure has been erected prior to promulgation of Schedule Area Regulation.

Further, it is submitted that on the basis of aforesaid, it can safely be inferred that, the impugned order is an outcome of fraud and misrepresentation and, in this context, according to the verdict laid by our Hon'ble High Court - reported in BLR 1970 (1) 216, that, - "It is settled proposition of law that a judgement or decree obtained by playing fraud on the court is a nullity and non est in the eyes of law, such judgement/decree - by the first court or by the high court - has to be treated as a nullity by every court, whether superior or inferior. It can be challenged in any court even in collateral proceedings."

Having regard to the discussions made hereinabove, I find that, the impugned order has been passed in haste without following the proper procedure laid U/s 71 A of the CNT Act. It is settled law that, according to Provision II of Section 71A of the CNT Act, where the Deputy Commissioner is satisfied that the transferee has constructed a substantial structure before coming in force of Bihar Schedule Area 1969, he may notwithstanding any other provision of the Act, validate such transfer either upon payment of adequate compensation determined by the Commissioner for rehabilitation or making available to the Scheduled tribe an alternate holding or portion thereof of the equivalent value in the vicinity, but in case at hand, the Learned Special Officer without corroborating the admission made by the member of Schedule tribe through cogent evidence has relied that the land in question has been transferred through Sada Sale Deed and there exists substantial structure upon the land in question before promulgation of the Schedule Area Regulation, 1969. Moreover the sada sale deed upon which the respondent has based their claim has got no evidentiary value in the eyes of law and since the respondent has failed to bring on record any cogent evidence which could prove that substantial structure has been erected prior to promulgation of Schedule Area Regulation, hence the respondent is not entitled get relief envisaged under Proviso II of Section 71A of the CNT Act and since the respondent has failed to prove that substantial structure standing upon the land in question has been erected before the promulgation of Schedule Area Regulation, 1969 and moreover it is

apparent from the report submitted by teams of experts constituted for determining the fact regarding erection of substantial structure over the land in question that, recently asbestos sheet roof house has been erected over the land in question by the respondents

Hence, on the basis of aforesaid, it can safely be inferred that, the impugned order is bad, irregular and was obtained by fraud and mis-representation and is nonest in the eyes of law.

For these reasons, after condoning the delay, this appeal is allowed and the impugned order passed by the Learned Courts below is hereby set-aside and the authority below is directed to restore the possession of the land in question in favour of the present performa respondent.

Communicate this order to the Learned Special Officer, Schedule Area Regulation, Ranchi for information and necessary action.
